Little Lark has been providing quality Chinese Language Speech & Drama lessons in preschool chains since 2016! The curriculum has been specially designed by experienced early childhood professionals, and the lessons are conducted by trained preschool educators. The signature programme combines speech, music, and drama components into the curriculum for children to be well engaged with Chinese language and performing arts!

CHINESE LANGUAGE SPEECH & DRAMA WITH MUSIC

Through this programme, children will learn to be confident speakers & performers with opportunities to express themselves freely. The activities aim to foster teamwork, socio-emotional skills, focus & attention, as well as overcoming stage anxiety. Dedicated teachers will introduce **speech & articulation rhythm training** using simple tongue twisters, songs, poems and rhymes (to name a few), **body language and facial expression training** to represent different scenarios/situations, as well as encourage **play & imagination!** Children are bound to become lively performers after completing the programme! Suitable for children in PG to K2 classes, and class duration will vary according to age group.
